

September Newsletter

Dear Brothers and Sisters in Christ,

With September upon us, all the “Back to School” shopping and preparations will have quickly finished as school begins. A lot of time, and effort, and money is spent on getting everything ready so that young minds might be educated in important subjects to prepare them for life in this world. But do ready, writing, and arithmetic fully prepare these young minds and lives for all that they will face in this increasingly troubled and hostile world? Are you fully prepared to face all that this increasingly troubled and hostile world is throwing at you?

Just as we expect our schools and our teachers to give students the foundation of the very basics when it comes to math and language, why aren't we even more greatly concerned about being well versed in the very basics when it comes to our relationship with and understanding of God? Too many families and too many Christians today are viewing church attendance as an optional, “if I have the time” kind of activity. God is giving us the basic essentials when we come into His house to hear His Word, and to receive His Sacraments. These essential basics give us what we need in order to be prepared for this increasingly troubled and hostile world. We need spiritual feeding because we need spiritual strength to stand up against the forces of evil and the devil's attacks. These things are very real. They destroy hearts and lives, and homes and families, all because people have made God and His Word an inconvenient option.

Jesus prepared His whole life to be the perfect sacrifice for sin that we all needed. Then He gave His perfect life over to death on the cross. This was not convenient for Him. His suffering and death were incredibly painful, and incredibly real. All this He did for us, to prepare us to receive salvation and eternal life. Are you prepared to receive it or have you made it an occasional option?

We all need regularly weekly worship and regular weekly time with God and with fellow believers. We need it for the basic essentials to keep our faith in Christ alive and healthy. We need it for the encouragement that it gives us to live in this increasingly troubled and hostile world. We need it for the encouragement and loving fellowship that it brings to the other members of the congregation, who also need the support and love for what they are facing. We all need it because the members of God's family need one another, both in presence and in support.

Getting back to the basics sounds good for students and schools, but it sounds even better for Christians and churches who all need the very basics that God is supplying in His house of worship. Hebrews 10:24-25 states, “And let us consider how to stir up one another to love and good works, not neglecting to meet together, as is the habit of some, but encouraging one another, and all the more as you see the Day drawing near.” Let's all get back to church!

In Christ's love,
